HITRUST CSF Certified · HIPAA COMPLIANT · GDPR COMPLIANT · GxP Pharma Solutions · ITIL · AICPA SOC · PLATINUM · NIST · CIS SecureSuite Membership

About ClearDATA

We understand the highly complex nature of healthcare and how to keep protected health information (PHI) secure. We leverage proven, proprietary healthcare technical and compliance reference architecture documentation – mapped to regulations like HIPAA, HITRUST and GDPR – integrating the highest standards of compliance. We give you full visibility, protection, and remediation to keep your healthcare data protected and compliant in the public cloud.

With our best-in-breed CyberHealth™ Platform, trusted services, expertise, and resources, we do the heavy lifting – so you can focus on building your business and delivering exceptional patient care.

Founded	2011
Employees	100+
Headquarters	Austin, Texas
Industry	Healthcare & Life Sciences
Serving	Healthcare IT and Security leaders within Providers, Payers, HealthTech/MedTech, Pharma, and Life Sciences

WE SERVE

Healthcare Software & Services

We employ a SWAT-team approach to architect, build, and manage entire app stacks and reduce time to market to help our customers scale quickly in the cloud.

Enterprise-Level Healthcare Providers

We work with large multi-vendor teams on software architecture development and/or legacy integration projects and provide execution through senior partner-level involvement.

aws PARTNER Premier Tier Services

Innovating in the cloud is a necessity. Doing it safely is hard.
